**T**he International Symposium on Transportation Technology Transfer will bring together transportation technology transfer professionals and organizations from around the world to exchange advances and experiences in technology transfer practices and techniques.

This Symposium is being held in conjunction with other world organizations' meetings, including the U.S. Local Technical Assistance Program's annual meeting. The Symposium presents a unique opportunity for you to interact with your colleagues and counterparts from around the world to learn, share, and benefit.

**Program Themes include:**

- Improving the Technology of Technology Transfer
- Innovative Training
- Sharing Information Resources for Transportation Technology Transfer
- Networking and Twinning: Partnering Technology Transfer Centers
- Funding and Sustaining Technology Transfer Centers and Programs
- Marketing & Promoting the Transfer of Technology

*And more! A complete program will be released in January 2001.*

**Who should attend?**

- Transportation professionals involved in technology transfer
- Technology transfer center staff
- Transportation information professionals

*Plan now to be at the largest gathering of transportation technology transfer professionals.*

**Who will be there?**

Participants from technology transfer centers from around the world as well as practitioners from the Pan American Institute of Highways, The World Road Association (PIARC), the Organization for Economic Cooperation and Development (OECD), the U.S. Local Technical Assistance Program and the Tribal Technical Assistance Program (LTAP/TTAP) will be attending.

**Program format:**

- Joint sessions throughout the week featuring premier invited speakers will address the symposium.
- Sponsor organizations will hold simultaneous meetings open to all participants.

**The International Symposium is sponsored by:**

- Federal Highway Administration
- Local Technical Assistance Program
- World Road Association (PIARC)
- Organization for Economic Cooperation and Development (OECD)
- Transportation Research Board
- Pan American Institute of Highways
